## Safety Information

### Please ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

---

- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children and pets.
  - Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
  - Do not overload the product. When transporting a heavy load, be careful when changing directions as the cart could easily tip over if moving too quickly.
  - This product is intended for outdoor use only.
  - This product is not a toy, and is only to be used for its designated purpose.
  - Do not carry out alterations or modifications to this product.
  - If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com).
  - Clean only with a damp cloth. Do not use strong industrial cleaning substances.
  - Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
  - Pinch points can cause personal injury.
  - Do not discard any of the packaging until you have checked that you have all of the parts and fittings required.
  - Use the correct fixings as indicated. Do not tighten any of the nuts until the unit is completely assembled, then finish by tightening all nuts. All nuts must be tightened before use.
  - Keep away from fire.
  - **Warning! The maximum weight of this product is 200kg. Do not exceed this amount. Doing so risks product failure and/or personal injury.**
-

# What's In The Box?

# Assembly Instructions

Please refer to the below information to help assemble your Oypla product

If you require assistance with the assembly of your Oypla product, please contact our dedicated team at [cservice@oypla.com](mailto:cservice@oypla.com).

---

1. Grab the **barrow tub (A)** and place it upside down on a flat surface. Then grab the **frame (B)** and align the holes on the tub and the frame and secure using **one bolt** on each side (I).

2. Next grab the **Rear axle support with braces (E)**, and place it on the opposite end to where you attached the tub to the frame. Use **six bolts (I)** and **6 small bolt washers (J)** to secure this onto the frame.

3. Attach the **Front axle support with braces (F)** to the **frame (B)** using **4 small bolts (I)** and **4 small bolt washers (J)**.

4. Next attach the **lock frame (D)** onto the **barrow tub (A)** using **4 bolts (I)** and **4 small bolt washers (J)**.

5. Slide the **handle (C)** into the **handle coupler (G)**, and then attach this into the **front axle support with braces (F)**. Make sure the holes of the handle and the coupler line up and secure using **1 long bolt (M)** and **long bolt washer (N)**.

6. Attach the **4 wheels (H)** to each axle bar, and secure this by using **4 gaskets (L)** and the **large locking nut (K)**.

---

# Operating Instructions

**The below information is designed to help you with the operation of your Oypla product**

If the product is damaged, defective or you require more information, please contact our dedicated team at [cservice@oypla.com](mailto:cservice@oypla.com).

---

To **tip** the barrow, you simply need to pull the handle to release the lock and lift upwards.

To **reset** the barrow back into the locked position, slowly push the plastic tray down, pull the handle and release back into the locking holes.
