THANK YOU FOR YOUR ORDER

## Garden Tipping Trolley

# Safety Instructions

## **Notice: Ensure you read and fully understand instructions before use**

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- Do not overload the product. When transporting a heavy load, be careful when changing directions as the cart could easily tip over if moving too quickly.
- This product is intended for outdoor use only.
- This product is not a toy, and is only to be used for its designated purpose.
- Do not carry out alterations or modifications to this product.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances.
- Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Pinch points can cause personal injury.
- Do not discard any of the packaging until you have checked that you have all of the parts and fittings required.
- Use the correct fixings as indicated. Do not tighten any of the nuts until the unit is completely assembled, then finish by tightening all nuts. All nuts must be tightened before use.
- Keep away from fire.
- The maximum weight of this product is 200kg. Do not exceed this amount.
- If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com).

# Assembly Instructions

## Parts List:

If you are missing any of the below parts please contact [cservice@oypla.com](mailto:cservice@oypla.com)

Please be aware that you will be referring to this parts list throughout the assembly process.

|  |   |  |  |  |   |
|--|---|--|--|--|---|
| <p><b>Tub (1pc)</b><br/>A</p>                  |    | <p><b>Frame (1pc)</b><br/>B</p>                            |    | <p><b>Handle (1pc)</b><br/>C</p>                         |    |
| <p><b>Lock Frame (1pc)</b><br/>D</p>           |   | <p><b>Rear axle frame with rear struts (1pc)</b><br/>E</p> |   | <p><b>Front axle support with braces (1pc)</b><br/>F</p> |   |
| <p><b>Handle coupler (1pc)</b><br/>G</p>       |  | <p><b>Wheels (4pcs)</b><br/>H</p>                          |  | <p><b>Small bolt (16pcs)</b><br/>I</p>                   |  |
| <p><b>Small bolt washers (14pcs)</b><br/>J</p> |  | <p><b>Large locking nut (4pcs)</b><br/>K</p>               |  | <p><b>Gasket (4pcs)</b><br/>L</p>                        |  |
| <p><b>Long bolt (1pc)</b><br/>M</p>            |  | <p><b>Long Bolt washer (1pc)</b><br/>N</p>                 |  |  |   |

1. Grab the **barrow tub (A)** and place it upside down on a flat surface. Then grab the **frame (B)** and align the holes on the tub and the frame and secure using **one bolt** on each side (I).

2. Next grab the **Rear axle support with braces (E)**, and place it on the opposite end to where you attached the tub to the frame. Use **six bolts (I)** and **6 small bolt washers (J)** to secure this onto the frame.

3. Attach the **Front axle support with braces (F)** to the **frame (B)** using **4 small bolts (I)** and **4 small bolt washers (J)**.

4. Next attach the **lock frame (D)** onto the **barrow tub (A)** using **4 bolts (I)** and **4 small bolt washers (J)**.

5. Slide the **handle (C)** into the **handle coupler (G)**, and then attach this into the **front axle support with braces (F)**. Make sure the holes of the handle and the coupler line up and secure using **1 long bolt (M)** and **long bolt washer (N)**.

6. Attach the **4 wheels (H)** to each axle bar, and secure this by using **4 gaskets (L)** and the **large locking nut (K)**.

### **Tipping the plastic tray**

- On the lock mechanism, pull the handle to release the lock and lift upwards.

### **Lowering the plastic tray**

- Slowly push the plastic tray down. Pull the handle and release back into the locking holes.
