Operating Instructions

The below information is designed to help you with the operation of your Oypla product

If the product is damaged, defective or you require more information, please contact our dedicated team at cservice@oypla.com.

How to Set Up:

1. Pull the legs out on the bottom of the table, making sure that they lock into place.
2. Hold the support arm over the circular rise on the top side of the table, making sure the holes align. Secure this into place using an adjustment knob.
3. Push an adjustment knob into the back of the support arm's base, only tightening once the arm is at the required height.
4. Clip the support harness into the top of the support arm, ensuring it is secure and can hold weight so that it doesn't come loose whilst in use.

Check over all the adjustment knobs and the harness clip to ensure that the product is in order before using it.
