Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Make sure all fastenings are tightly in place and that everything is in order before using the lamp. This should be periodically checked by a responsible adult.
- Do not use this lamp if any of the wires, plug or body are damaged.
- This product is not a toy, and is only to be used for its designated purpose.
- To protect against electrical shock, do not immerse cord, plug or any part of this appliance in water or any other liquid.
- Clean only with a damp cloth. Do not use any harsh or abrasive chemicals or substances, as these may damage the product.
- Ensure the power supply to the socket into which the appliance is plugged, is in accordance with the rating level on the appliance, and that the socket is earthed.
- When the appliance is not in use, always unplug from the mains socket.
- Do not leave this product unsupervised. If you have to leave the room, even for a short while, ensure the product is switched off.
- Ensure the appliance is securely installed before operation.
- If the product is damaged or defective, please contact cservice@oypla.com

Warnings

- ⚠ Do not stare directly at the light. Doing so may cause eye damage.
- ⚠ Before cleaning the product, always ensure it is switched off and unplugged.
- ⚠ Risk of electrical shock – do NOT immerse any part of this product in any liquids.
- ⚠ Do NOT use this product if any part of it is damaged.

Assembly/Operating Instructions

1 Open the package, and take out the castor feet. Install the two metal stability forks, and insert the supporting column in the middle. Install the screw into the bottom and tighten it to stabilise.

2 The magnifier glass comes assembled to the holder. However, it needs attaching to the base that you have assembled in step 1.

3 Adjust the magnifying glass to your desired angle. Turn on the power switch, and you are able to start operating the machine after the bulb lights up.

CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year, amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.

PLEASE RETAIN A COPY OF THESE INSTRUCTIONS FOR FUTURE CONSULTATION

ENVIRONMENTAL PROTECTION

Products bearing the symbol shown below means that used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.
