

# Rotary Airer

USER MANUAL Model No: 3233

# Safety Instructions

**Notice: Ensure you read and fully understand instructions before use**

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Never carry out any alterations or modifications to this product.
- This product is not a toy, and is only to be used for its designated purpose.
- This product is intended for outdoor use only.
- Keep fingers, loose clothing and hair away when folding the product.
- Make sure that the product is in an open space.
- Leaving the product outside exposed to weather, especially direct sun (for extended periods of time), rain and salt air, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com)

# Assembly Instructions

1. To assemble the product slide the extendable Airer into the base, ensuring that it goes all the way in and is secured into the bottom of the base.
2. To extend the Airer outwards push the blue section that is connected to all four of the extending arms upwards. Do this until the blue section can't be moved anymore. After this you are free to use the product. Ensure it is locked in place before putting clothes on the product.
