Safety Information

Please ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
 - Never carry out any alterations or modifications to this product.
 - If the external flexible cable of this appliance is damaged, please return the product. The supply cord cannot be replaced.
 - Do not use the transformer continuously for a significant period of time to prevent the product from overheating. The transformer is fitted with an overload circuit breaker to stop this from happening. Give the transformer time to cool down before resetting the trip by pressing the button on the side. The product can then be used again.
 - To ensure that using the product is a smooth process, check the transformer's power rating against the power usage of the tool you intend to use.
 - Make sure to keep the product away from all water sources to avoid potentially damaging the product and the risk of electrocution.
 - Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
 - If the product is damaged or has any defects, please contact cservice@oypla.com
-

Consider the Environment!

By recycling the cardboard box in which this product was packed, you contribute towards helping the environment. If you see a recycling logo such as the below on the packaging, it can be recycled. If a recycling logo is not present, please check with your local authority before recycling.

Environmental Protection

Products bearing the symbol shown below means that used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.
