

OYPLATM DIY

Wallpaper Stripper

USER MANUAL Model No: 3386

Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Never carry out any alterations or modifications to this product.
- This product is intended for indoor use only.
- Ensure the power supply to the socket into which the appliance is plugged, is in accordance with the rating label on the appliance and that the socket is earthed.
- This product is not intended for use by persons (including children) with reduced physical, sensory, and mental capacities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by persons responsible for their safety.
- Never leave the product unattended whilst it is switched on. If you have to leave the product, unattended, even for a short while, always switch it off.
- The product is only intended for domestic use and only in the manner described in this instruction manual.
- Do not place the mains lead on or near any hot surface.
- Do not touch the product if your hands are moist or wet.
- Do not attempt to unplug the product by pulling on the power cord.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product. Make sure the product is off, unplugged from the socket and been left for five minutes to remove the risk of electrical shock.
- If the product is damaged or has any defects, please contact cservice@oypla.com

Operating Instructions

Parts List:

If you are missing any of the below parts please contact cservice@oypla.com

- 1 x 4.5L Water Tank
- 1 x Steam Pad
- 1 x 3m Hose
- 1 x BS Certified Plug & Power Cord

How to Use:

1. Attach the steam pad to the 3m hose, ensuring that they are secured together correctly.
2. Attach the 3m hose to the lid of the 4.5L water tank.
3. Remove the lid from the water tank and fill the water tank to its limit (4.5L). Once done, ensure that the lid is secured correctly onto the water tank.
4. Place the power cord into the back of the water tank lid, ensuring it is inserted correctly. After this, plug it into an earthed wall socket.
5. Turning the knob dictates how much steam is allow through, use this to moderate usage. The stripper has an automatically controlled temperature system so steam production is kept constant, but avoids overheating.

Environmental Protection

OYPLA.COM

An Official OYPLA Branded Product

Products bearing the symbol shown below means that used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.
