Fence Post Rammer

Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Never carry out any alterations or modifications to this product.
- This product is not a toy, and is only to be used for its designated purpose.
- This product is intended for outdoor use only.
- When ramming a fence post into place, make sure you grip tightly as to avoid the rammer slipping.
- Make sure that your feet are away from the fencing post that you intended to ram into the ground, this is to avoid bringing the fence post rammer down onto your feet. We recommend wearing suitable steel toe capped footwear whilst using this product.
- Ensure that the fence post which you want to put into the ground is dug in slightly to avoid the fence post going into the ground at an angle or slipping out of the ground and possibly causing an injury.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- If the product is damaged or has any defects, please contact cservice@oypla.com
