Foldable Step Ladder

Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Never carry out any alterations or modifications to this product.
- Do not overload the product.
- Make sure to distribute weight evenly on the ladder.
- Do not use the step ladder on uneven ground.
- When using the step ladder, be sure to only stand on lower treads. Never step on the tread at the stop.
- Make sure the top platform locks into place before using the step ladder.
- Keep your body centred and do not over reach as this will increase the chance of falling and injury.
- Keep fingers, loose clothing, and hair away whilst folding the product.
- Leaving the product outside and exposed to weather, especially direct sunlight, rain and salt air, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering the product with a suitable cover.
- If the product is damaged or has any defects, please contact cservice@oypla.com

DO NOT EXCEED THE 150KG LOAD CAPACITY

Operating Instructions

1. Open the ladder, ensuring that the spreaders lock so the step ladder is secure to use.
2. Place the step ladder on flat, balanced ground so it can be used in the safest way possible.
3. When ascending the step ladder, climb only on the silver treads on the front. Do not climb the ladder using the bracing on the back section of the step ladder.
4. Once you have finished using the step ladder, simply unlock the spreaders and fold the ladder together.
