

# 6ft Trestle Table

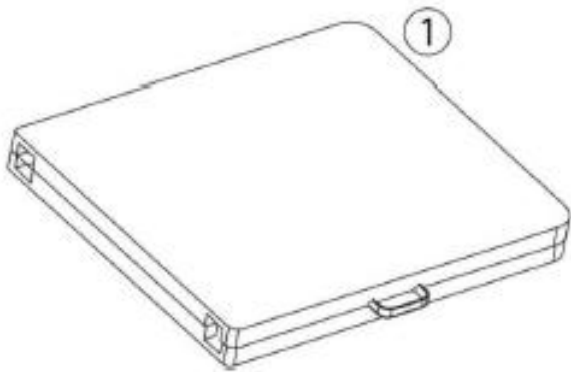

# Safety Instructions

**Notice: Ensure you read and fully understand instructions before use**

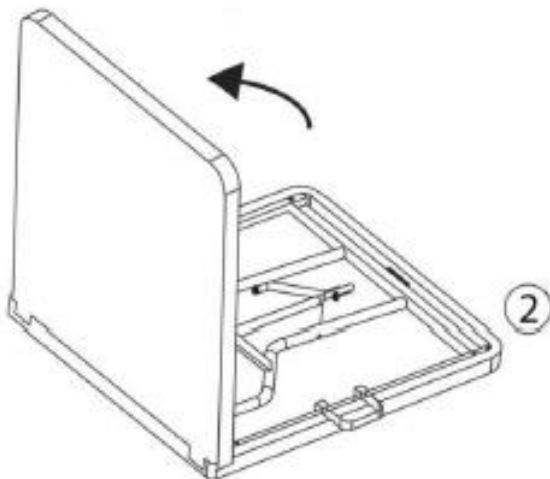

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Make sure all fastening are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- This product is not a toy, and is only to be used for its designated purpose.
- Do not carry out alterations or modifications to this product.
- Keep fingers, loose clothing, and hair away when folding the product.
- DO NOT over load the product at any time.
- DO NOT sit or jump on the table at any time.
- Children should be supervised at all times when around and using this product.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances.
- Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Only use this product on stable, level and dry ground.
- Make sure table legs are secure before placing any weight on the table top.
- If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com)

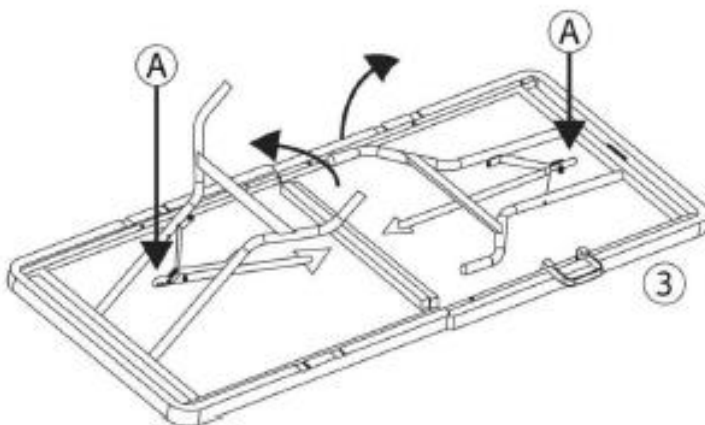

# Operating Instructions

1. Lightly place the table onto a flat surface. Make sure the surface is not rough or sharp, because this may result in damage and defect to the table.

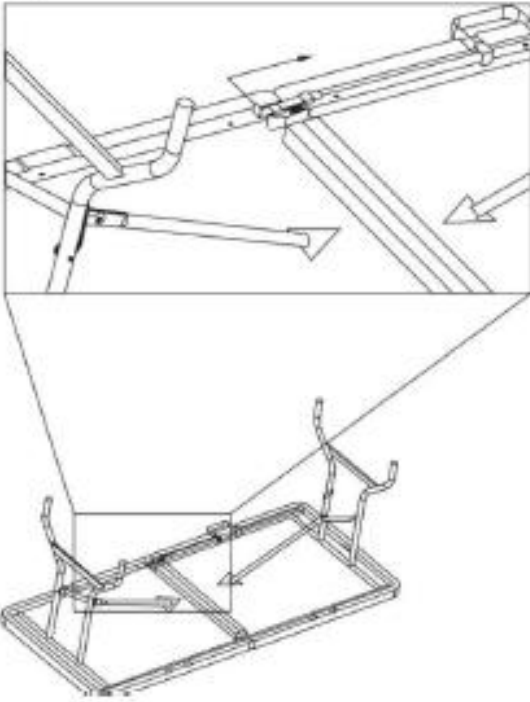

2. Find the opening point marked as A on the diagram. Force will be needed to pull the table apart, as it can be very stiff upon first time use. Once open lay the table flat like the image in the next step.

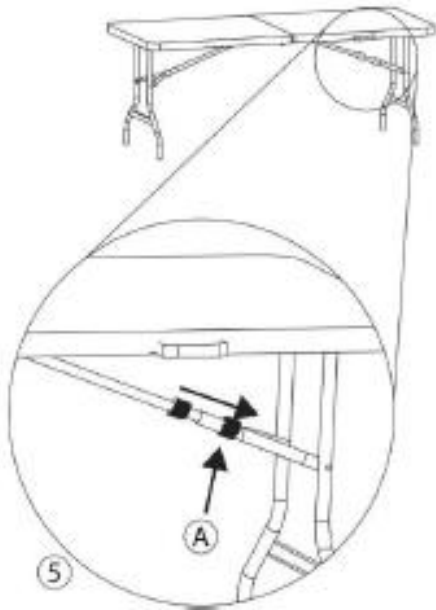

3. Slowly lift the legs up into a 90-degree's position making sure joints marked as A are clear of any items. Then push up and down on joints A until they are entirely straight.

4

4. Use the tables locking system to secure the table into place. Please see image 4 to locate the locking system.

5. Carefully flip the table over. Now slide both locks over joint A to secure both legs in place.

**Your new table is now ready to use.**

**Please retain a copy of all instructions for future consultation.**
