## Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- This product is not a toy, and is only to be used for its designated purpose.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- Leaving the product outside exposed to weather, especially direct sun and rain will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Every time before use, check the carrier for security of fittings or any sign of wear and tear. Replace any worn or damaged parts.
- DO NOT use the bicycle carrier if any parts are missing or damaged as this may cause failure and/or personal injury.
- If the load obscures the vehicle, registration plate or lights, fit an auxiliary number plate and/or lighting system.
- Avoid damage caused by hot exhaust fumes. Do not position bicycles directly next to the vehicles exhaust, especially the bicycles tyres. If necessary, fit an exhaust deflector.
- If this product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com).

## Warnings

- ⚠ Due to the variety in design of vehicles and bicycles, it is the user's full responsibility to ensure no damage occurs whilst using this bicycle carrier. Correct attachment of carrier to a vehicle is therefore critical and is beyond control of the manufacturer, distributor or supplier.
- ⚠ The user must secure the carrier and any bicycles to be carried properly, checking the security frequently when in use.
- ⚠ The maximum weight capacity of this bike rack is 40kg. Exceeding this weight may cause product failure and damage to your car or other road users.
- ⚠ Remove any loose objects from the bicycles i.e. pumps, bottles etc.
- ⚠ Avoid any protrusions beyond the side of the car as these may present a risk of injury to passers-by.
- ⚠ Drive carefully - Be aware of cross winds, sudden braking or hard cornering, reduce speed accordingly when using carrier.
- ⚠ This carrier is designed for temporary use only; remove when not in use or before going through a car wash.
- ⚠ Remember the driver of the vehicle is responsible for the security and safety of the load carried.
