

3L Stainless Steel Airpot

Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all responsibility of potential injury when using the product. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Do not carry out alterations or modifications to this product.
- Before first use, be sure to thoroughly clean the inside of the product with warm soapy water. Always clean after use.
- Clean the outside of the product only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the aesthetic.
- Always use the handle provided as the contents of the product may be hot.
- Keep out of reach of infants and small children. There is a risk of scalding or injury. Older children should be supervised at all times when using the product.
- Leaving the product outside exposed to weather, especially direct sun, rain and salt air, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Make sure to close the lid release by using the 'Open/Close' lock system on top of the lid before transporting the product to avoid spillages and potential injuries.
- If the product is damaged or has any defects, please contact cservice@oypla.com

DO NOT ATTEMPT TO FILL THE AIRPOT ABOVE 3L

Please retain a copy of all instructions for future consultation.
