Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product should only be used for its designated purpose.
- Make sure all bolts are secured before using this product. The user is fully responsible for ensuring the safe is mounted securely before use.
- This product is intended for indoor use only.
- This product is not a toy, and is only to be used for its designated purpose.
- Do not exceed the maximum weight limit of 10kg. This may lead to product failure and/or personal injury.
- Do not carry out alterations or modifications to this product.
- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
- Do not discard any of the packaging until you have checked that you have all the parts and fittings required.
- If the product is damaged or has any defects, please contact cservice@oypla.com.

Assembly Instructions

End

1. Place the 10L Key Operated Safe against the surface you wish to mount it on and mark the holes in the safe onto the surface.
2. Once done, drill a hole and insert a support screw through the hole in the 10L Key Operated Safe and into the desired surface, ensuring that it goes through the safe and the desired surface.
3. Slide a washer onto the support screw, ensuring it touches the surface that the 10L Key Operated Safe is against. Once done, tighten a nut onto the support screw. Do not overtighten as you may damage the surface.
4. Repeat the previous two steps with the remaining support screw, washer and nut.
5. Once completed, ensure that the 10L Key Operated Safe is securely held in place against the desired surface. Make sure that you do not lose either set of keys.

CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year, amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.
