Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- Never exceed the maximum load capacity of 150kg, or it may result in product failure and/or personal injury.
- This product is not a toy and is only to be used for its designated purpose.
- Do not carry out alterations or modifications to this product.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances.
- Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process.
- Only use this product on stable, level ground, clear of loose material so the rubber feet can grip.
- Do not overload the steps. This product is meant for the use of one person.
- Do not discard any of the packaging until you have checked that you have all of the parts and fitting required.
- If the product is damaged or has any defects, please contact cservice@oypla.com.
