# Safety Instructions

## Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- Never exceed the maximum load capacity of 150kg, or it may result in product failure and/or personal injury.
- This product is not a toy and is only to be used for its designated purpose.
- Do not carry out alterations or modifications to this product.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances.
- The nuts included in this product are locking nuts, and will require a spanner or socket to fully tighten.
- Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process.
- Only use this product on stable, level ground, clear of loose material so the rubber feet can grip.
- Do not overload the steps. This product is meant for the use of one person.
- Do not discard any of the packaging until you have checked that you have all of the parts and fitting required.
- If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com).

## Warnings

 The maximum weight capacity is 150kg. Do not exceed this amount as it may lead to personal injury and/or product failure.

Handle Supports	2
Bolts (Small)	4
Bolts (Medium)	4
Bolts (Large)	4
Nuts	4

1. Insert the support bars into one of the frames and secure using a small bolt.
2. Attach the step to the frame using two sets of medium nuts and bolts. Do not fully tighten.
3. Attach the other frame by first securing to the support bars.
4. Attach the step to the other frame and tighten all fittings fully on both sides.
5. Attach the handle supports to one of the frames using the large bolts and nuts.
6. Attach the handle by sliding into the top of the support bars. Ensure the fixing nipples click into place.
