# Operating Instructions

## Parts List:

If you are missing any of the below parts please contact [cservice@oypla.com](mailto:cservice@oypla.com)

Please be aware that you will be referring to this parts list throughout the assembly process.

<b>Reset Key</b>  <b>1pcs</b>	<b>Screw</b>  <b>4pcs</b>	<b>Key Safe</b>  <b>1pcs</b>
<b>Wall Anchor</b>  <b>4pcs</b>	<b>Key Safe Cover</b>  <b>1pcs</b>	

### **Opening the Key Safe for the first time**

1. Push the 'CLEAR' button down.
2. Push the 'OPEN' button down.
3. Open the cover.

### **How to save a new code**

1. Remove the back panel of the cover with a screwdriver.
2. Enter the new code (minimum of three digits) and turn the plastic screw found on the back of the panel 180° using the reset tool. Push the code set button and reattach the back panel. Do this before installing the key safe.

### **How to install the Key Safe**

1. Place the Key Safe against the wall you wish to mount it on and mark the holes in the safe onto the wall.
2. Once done, drill four hole into the wall and slide screw anchors into the holes. Be sure to line the holes up with the holes in the Key Safe.
3. After this, drill a support screw though the hole in the Key Safe and into the screw anchor, ensuring that it goes through the safe and into the wall. Repeat this with the remaining screws. After this you will be able to use the key safe.

**Ensure fully assembled and secure before use.**

**Please retain a copy of all instructions for future consultation.**
