Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Do not overload the scales. The maximum capacity is 5kg.
- Do not immerse the scales in water or any other liquid.
- Do not stand the scale or bowl near an oven or other direct source of heat.
- Clean only using a damp cloth. Avoid using industrial chemicals to clean the appliance, as these may damage it.
- Avoid the scales coming into contact with strong acidic ingredients, such as lemon/lime juice, as these can cause damage to the plastic parts of the appliance.
- The mechanism does not require maintenance of any kind.
- The bowl supplied with this appliance must not be used or placed in a microwave oven.
- This product is not a toy, and is only to be used for its designated purpose.
- Do not make alterations or modifications to this product.
- If the product is damaged or has any defects, please contact cservice@oypla.com

Operating Instructions

The scales come partially pre-assembled. To finish assembly, the spring should be placed at the top of the body, with the tray holder on top, followed by the pan

If the scales do not show "0" reading, use the adjustment/return to zero screw to return the weight indicator to "0".
