# Safety Instructions

## **Notice: Ensure you read and fully understand instructions before use**

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Never carry out any alterations or modifications to this product.
- This product is intended for outdoor use only.
- Before using the product, make sure all fastenings are tightly in place and that everything is in order, and checked periodically by an adult.
- Keep the vents on the side of the product clear to aid in the heating process.
- The product gets very hot whilst in use. Ensure to grab the product by the handle. Glove are strongly recommended as an extra safety measure.
- This product is not intended for use by persons (including children) with reduced physical, sensory and mental capacities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by persons responsible for their safety.
- Leaving the product outside exposed to weather, especially direct sun, rain and salt air, will speed the weathering process. This can be slowed by removing the light from these conditions.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product. Allow for the product to cool down before cleaning.
- If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com)
