Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- The maximum load for these roof bars 90kg. Never exceed this limit.
- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- This product is not a toy, and is only to be used for its designated purpose.
- Two people should fit and remove the bars to reduce the risk of damaging the vehicle's roof.
- Regularly check the roof bars and load being carried to ensure they are tight and secure.
- Carrying loads may affect the vehicle's handling and stability, especially when cornering or in strong winds. Take special care and avoid heavy braking or accelerating.
- Do not exceed 55mph.
- The vehicle's stopping distance will be longer when carrying a load.
- Ensure loads are stacked securely and the weight is evenly distributed over both bars. Use straps to ensure the load is secure.
- In cases of long loads, secure the ends of the load with non-elastic rope to the vehicle's bumpers.
- Always remove the bars when using a car wash.
- Remember, when the bars are fitted the height of the vehicle is increased.
- To improve fuel consumption, remove the bars when not in use.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- If this product is damaged or has any defects, please contact cservice@oypla.com.

Warnings

 The user is responsible for all liability for damage deriving from the vehicle being driven at high speed, being driven incorrectly or from the load or bars being badly positioned or fitted. It is the user's responsibility to ensure that the vehicle is driven safely and that the bars and load are always securely fixed in place throughout the journey.

CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year, amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.

PLEASE RETAIN A COPY OF THESE INSTRUCTIONS FOR FUTURE CONSULTATION
