## Safety Information

### Please ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

---

- Do not discard any of the packaging until you have checked that you have all of the parts and fittings required.
  - This product is not a toy, and is only to be used for its designated purpose.
  - Do not carry out any alterations or modifications to this product.
  - Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product. Before cleaning, always make sure the product is unplugged and has been switched off for at least five minutes, to allow it to cool down.
  - When the appliance is not in use, always unplug from the mains socket.
  - **Warning! Never allow children or pets to play with the appliance, it will become hot whilst operational.**
  - **Warning! Never clean the airer with flammable fluids, as this can create a fire and/or explosive hazard.**
  - Do not use the product near flammable materials or liquids.
  - To protect against electrical shock, do not immerse cord, plug or any part of this appliance in water or any other liquid.
  - Only use this product on stable, level and dry ground.
  - Do not lean on the product.
  - Keep the product out of the reach of children and pets.
  - This product is intended for indoor use only.
  - Do not use the product near any source of water.
  - This product is for domestic use only.
  - If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com).
  - **Warning! Do not store the airer near gasoline or any other flammable vapours or liquids. Doing so can create a fire and/or explosive hazard.**

---

# Cleaning & Maintenance

**Please familiarise yourself with the below information before cleaning your Oypla product**

Oypla.com are not responsible for any product damage as a result of incorrectly cleaning and/or maintaining the product.

---

1. This appliance needs only an external regular clean. After use and before cleaning always switch the appliance off, disconnect from the power source and wait until it has fully cooled. Clean the bars from dust. For best results use a damp cloth followed by a dry cloth.
  2. Once it has fully cooled, store the appliance in a cool, dry, dust-free place.

## Consider the Environment!

By recycling the cardboard box in which this product was packed, you contribute towards helping the environment. If you see a recycling logo such as the below on the packaging, it can be recycled. If a recycling logo is not present, please check with your local authority before recycling.

---

## Environmental Protection

Products bearing the symbol shown below means that used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.
