What's In The Box?

Please note that you will be referring to the below parts list during assembly

If any of the below parts are missing or damaged, please contact our dedicated team at cservice@oypla.com.

Part	Qty	Part	Qty
Holder	2	Tube	1
Screw	4	Cable	1
Screw Plug	4	Plug	1

Usage Instructions

Please refer to the below information to help assemble and use your Oypla product

If you require assistance with the assembly of your Oypla product, please contact our dedicated team at cservice@oypla.com.

1. The fixing brackets should be mounted according to the heater length, at a distance to adequately support the heater.
 2. Screw the two bottom halves of the brackets to the surface, before placing the heater on the brackets. Then, fasten the top brackets over the tube.
 3. Before connecting the heater, check that the supply voltage is the same as that is stated on the rating label.
 4. To operate the heater, simply turn the dial on the side.

Consider the Environment!

By recycling the cardboard box in which this product was packed, you contribute towards helping the environment. If you see a recycling logo such as the below on the packaging, it can be recycled. If a recycling logo is not present, please check with your local authority before recycling.

Environmental Protection

Products bearing the symbol shown below means that used electrical and electronic equipment (WEEE) should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.
