Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is intended for indoor use only. Only use on a stable and level ground.
- Do not carry out alterations or modifications to this product.
- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
- Do not discard any of the packaging until you have checked that you have all the parts and fittings required.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances.
- Keep away from fire.
- Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- Use the correct fixings as indicated. Do not tighten any of the nuts until the unit is completely assembled, then finish by tightening all nuts. All nuts must be tightened before use.
- If the product is damaged or has any defects, please contact cservice@oypla.com.

Warnings

 This product contains small parts. These could be a choking hazard to children. If swallowed. Please keep children away from these parts.

Assembly Instructions

Parts List:

- If you are missing any of the below parts, please contact cservice@oypla.com
- Please be aware that you will be referring to this parts list throughout the assembly process.

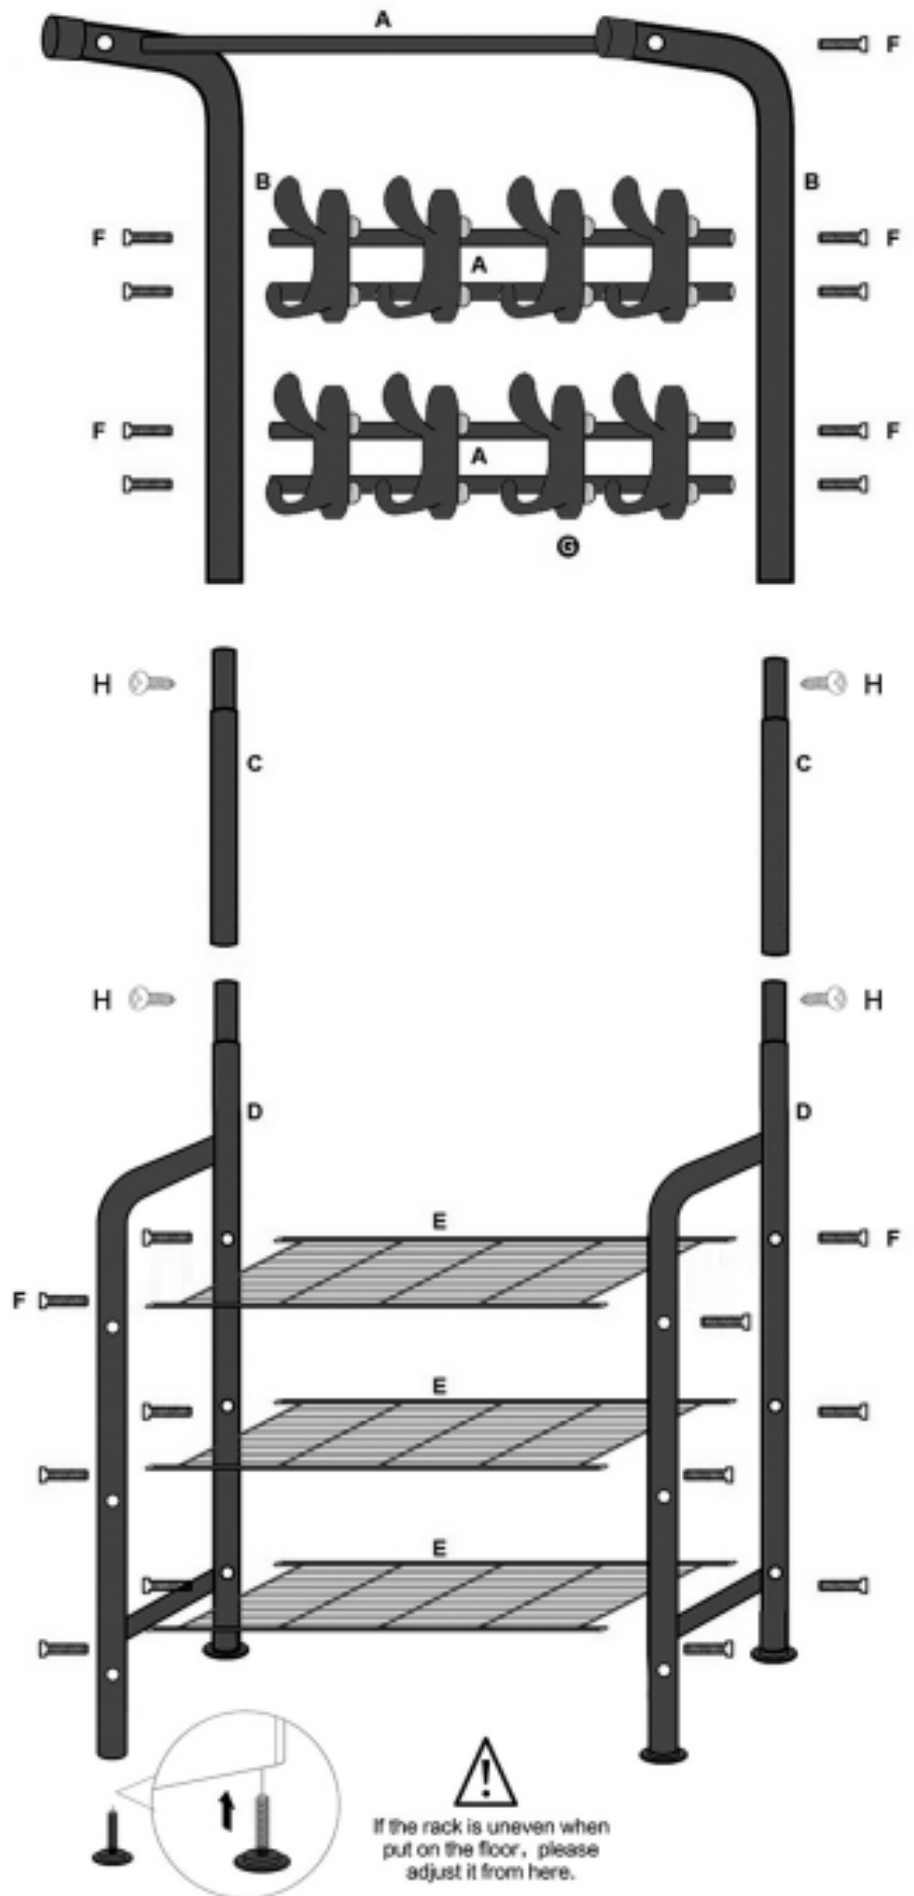

1

Install from the bottom up. Ensure that all the framework is correctly assembled and aligned before fully tightening the screws. Firstly, insert the larger screws (**F**) to the support frames (**D**) and secure these by tightening them to the shelves (**E**). Repeat with the other 2 shelves. Please note that the support frames are not identical. The screw recesses should be pointing outward. Please see diagram above for guidance.

Now, simply put the lower poles **(C)** on top of the support frames **(D)**. This time secure each pole with 1 small screw **(H)** each. Please see diagram for guidance. Next install the coat hangers **(G)** by sliding 4 of them through 2 longer poles **(A)**, ensuring that they are symmetrical and correctly aligned. Repeat with the remaining 4 coat hangers and 2 longer poles. Secure both in place by using 8 larger screws **(F)** and the curved top poles **(B)**. Please see diagram for help. Lastly, attach the last longer pole to the top of the product using the 2 small screws. Finally insert the fully assembled upper poles and coat hangers into the lower poles and fasten them with the last two smaller screws.

3

Don't forget to attach the feet **(L)** by simply screwing into the base.

CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year, amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.

PLEASE RETAIN A COPY OF THESE INSTRUCTIONS FOR FUTURE CONSULTATION
