Safety Information

Please ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Never carry out any alterations or modifications to this product.
 - This product is not a toy, and is only to be used for its designated purpose.
 - Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product
 - Keep fingers, loose clothing, and hair away when folding the product.
 - This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
 - Do not discard any of the packaging until you have checked that you have all of the parts and fittings required.
 - Before using the product, make sure all fastenings are tightly in place and that everything is in order, and checked periodically by an adult.
 - Children should be supervised at all times when using the product.
 - Leaving the product outside exposed to weather, especially direct sun, rain and salt air, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
 - When assembling, be very careful not to excessively tighten the bolts as this may cause damage to the product.
 - If the product is damaged or has any defects, please contact cservice@oypla.com
-

What's In The Box?

Please note that you will be referring to the below parts list during assembly

If any of the below parts are missing or damaged, please contact our dedicated team at cservice@oypla.com.

Small Screw x2		Wing Nut x7	
Bottom Bar x1		Top Bar x1	
Hinge x1		Small Cross Bar x1	
Large Cross Bar x1		Bracket x2	
Hinge Support x2		Back Frame x1	
Side Frame x2		Support Frame x1	

Assembly Instructions

Please refer to the below information to help assemble your Oypla product

If you require assistance with the assembly of your Oypla product, please contact our dedicated team at cservice@oypla.com.

1. Slot the Large Cross Bar onto the bottom of the Back Frame, before slotting into place. Then, align the Small Cross Bar with the Back Frame and slot into place. This should result in having a completed back frame piece with the smaller cross bar and the longer cross bar connected.

2. Align the two Side Frame pieces with in correspondence with the Small Cross Bar and Large Cross Bar ends, and slot into place. The flat end of the Side Frame pieces should be at the bottom, now underneath the Large Cross Bar. Fasten these into place using Large Screws.

3. Using the two Small Screws provided, attach the Hinge to the cross-section between the Small Cross Bar and the Back Frame. This should be done so that the two sides that "stick out" should be vertical. Then, using the Thin Bolt, secure the Support Frame to the Hinge.

4. Using the two Large Bolts provided, attach the Hinge Supports by aligning one of the holes with the slot in the Support Frame, and the other end aligned to the hole just under the cross-section of the Back Frame/Small Cross Bar, on the Back Frame. The gradient of the product can then be adjusted to the user's wish.

5. Using the four remaining Bolts, attach both the Bottom Bar and the Top Bar. Both of these require connection to a Bracket using a Bolt through the aligning holes. The bars can be applied at different heights to suit the user's wish.
