

Wellington Boot Rack

USER MANUAL Model No: 4022

Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Never carry out any alterations or modifications to this product.
- This product is intended for indoor use only.
- Before using the product, make sure all fastenings are tightly in place and that everything is in order, and checked periodically.
- Do not place multiple pairs on one side of the product, disperse weight evenly.
- If additional support is needed, place the product up against a wall. Be wary of dirt and scuff marks appearing due to possible contact with the Wellington boots.
- Leaving the product outside exposed to weather, especially direct sun, rain and salt air, will speed the weathering process. This can be slowed by removing the product from these conditions, or covering it with a suitable cover.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- If the product is damaged or has any defects, please contact cservice@oypla.com

Operating Instructions

Parts List

Wellington boot holder x 1

Stand x 1

Bolt x 4

Lock nut x 4

Assembly Instructions

1. Unscrew the screws pre-attached to the Wellington boot holder. Once done, align the holes in the Wellington boot holder with the holes in the stand. Ensure that the stand is on the outside of the Wellington boot holder. Once done, screw one of the bolts into the stand and the base of the Wellington boot holder (as seen in the image below).

2. Push a bolt through the other hole, ensuring it goes all the way through. Secure this into place using a lock nut (please see the image below). Make sure the lock nut has been secured correctly, as to avoid it becoming loose in the immediate future. After this, repeat these previous steps on the opposite side to complete the Wellington boot rack.
