Safety Information

Please ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Make sure all fastenings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
 - This product is intended for outdoor use only.
 - This product is not a toy, and is only to be used for its designated purpose.
 - Do not carry out alterations or modifications to this product.
 - Clean only with a damp cloth. Do not use strong industrial cleaning substances.
 - Fill the feeders before attaching to the bird feeding station.
 - Leaving the product outside exposed to weather, especially direct sun and rain, will speed the weathering process. This can be slowed by removing the product from these direct conditions.
 - Only use this product on stable and level ground.
 - Ensure the product is secure in the ground to avoid injury.
 - Do not discard of any packaging until you have checked that you have all of the parts and fittings required.
 - If the product is damaged or has any defects, please contact cservice@oypla.com.
-

What's In The Box?

Please note that you will be referring to the below parts list during assembly

If any of the below parts are missing or damaged, please contact our dedicated team at cservice@oypla.com.

Top Hook Section x1	Base Pole x1	Connector Pole x2	Hooks x2
Mesh Tray x1	Water Tray x1	Tray Holder x2	Top Cap x1

Assembly Instructions

Please refer to the below information to help assemble your Oypla product

If you require assistance with the assembly of your Oypla product, please contact our dedicated team at cservice@oypla.com.

1. Firstly, add a hook onto one of the connectors.
2. Then, add the mesh tray and water tray to the other connectors. You will then be able to join the two connectors together.
3. After this, you can add the top hook section onto the top of the connector with the two hooks on it. This should look like the image below.

Finally, you will need to add this section onto the base pole which will then allow you to secure the bird feeder into the ground.
