THANK YOU FOR YOUR ORDER

Medicine Cabinet

Safety Instructions

Notice: Please read all instructions carefully before using this product.

- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
- Make sure all fixings are tightly in place and that everything is in order before using the product. This should be checked periodically by an adult.
- Unpacking, installing and fixing the parts are to be completed by an adult.
- This product is intended for indoor use only.
- This product is not a toy, and is only to be used for its designated purpose.
- Do not carry out alterations or modifications to this product.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances.
- This product is not suitable for use by children.
- Keep fingers, loose clothing, and hair away when closing the door of the cabinet.
- Pinch points can cause personal injury.
- Do not discard any of the packaging until you have checked that you have all of the parts and fitting required.
- This product is for domestic use only.
- Use the correct fixings as indicated. Do not tighten any of the screws fully until the unit is completely assembled, then finish by tightening all screws. All screws must be tightened before use.
- Keep away from fire.
- When mounting the cabinet to a wall, ensure that it is clear of any electrical wires or other obstructions. **Always check that there are no hidden cables or pipes before drilling into a wall.**
- Do not overfill the cabinet. Please ensure that the cabinet door is able to close smoothly and fully at all time as failure to do so may result in product failure and/or personal injury.
- Do not exceed the weight limit of 6kg on the shelf as this may result in product failure and/or personal injury.
- Be sure to measure the distance between the holes on the back of the cabinet before drilling holes into the wall to avoid making unnecessary holes in the wall.
- If the product is damaged or has any defects, please contact cservice@oypla.com

Installation Instructions

Parts List:

			
Medicine Cabinet 1pcs	Key 2pcs	Screw 4pcs	Wall Plug 4pcs

Mounting to a Wall:

- Firstly, make sure that you measure the distance between the four pre-drilled holes on the back of the cabinet.
- Then, drill four holes into the wall where you have chosen to mount your medicine cabinet that match up with the pre-drilled holes. **Make sure to check for any hidden pipes or cables before drilling.**
- You should then insert the four wall plugs into the four holes in the wall.
- Now you will be able to line up the cabinet with the holes in the wall, before using a screwdriver or drill to insert one screw through each of the four holes in the cabinet. This will then go onto the wall.
- Ensure that the screws are tightened and that the medicine cabinet is secure before use.

CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.
