Jellyfish Lamp

Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Never carry out any alterations or modifications to this product.
- This product is intended for indoor use only.
- Children should be supervised at all times around this product.
- To protect against electrical shock, do not immerse the cord, plug or lamp in water or any other liquid.
- Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- Unpacking, installing and fixing the parts are to be completed by an adult.
- If the product is damaged or has any defects, please contact cservice@oypla.com

KEEP PRODUCT AWAY FROM SOCKETS WHEN IN USE

Note:

If the jellyfish remain floating at the top of the lamp or sink straight to the bottom without rising, we recommend washing them lightly using washing detergent – once you have done this, dry them and place them back in the lamp.

Operating Instructions

1

- Remove rubber cap.
- Fill aquarium to the top with water.
- Connect A end to the product and plug B end of the adaptor into the wall socket.
- Turn on the switch.

★ Distilled water is recommended.

2

- Put the jellyfish UPSIDE DOWN into the tank.
- Add 2-3 drops of liquid dish washing detergent.
- ★ Turn on the switch at least 30 seconds before putting the jellyfish in the aquarium.
- Put the rubber cap back on.
- Try to avoid air bubbles forming on the jellyfish. If necessary, you can use a straw or stick to help remove the air bubbles.

1. Press turn on/off the lights
2. Press to select colours
3. Long press for 3 seconds to turn off the lights and motors

1. Press the button to activate the motor
2. Press again to turn off.

3

UP
