## Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- This product is not a toy, and is only to be used for its designated purpose.
- Never carry out any alterations or modifications to this product.
- Keep the product away from open fires (such as fire pits and barbeques) to avoid the possibility of the artificial grass melting. Reflections from windows, polished gutters, reflective panels and mirrors can also cause the grass to melt.
- This product can be used both indoors and outdoors.
- Constant exposure to sunlight will cause the colour to fade from the artificial grass. This can be avoided by removing the grass from that environment.
- Clean only with water, such as by hose or even rain. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
- Before use this product will need flattening. Carefully put weights on all corners until straight.
- If the product is damaged or has any defects, please contact [cservice@oypla.com](mailto:cservice@oypla.com).

## CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year, amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.
