Corkscrew Operating Instructions

1) Use the foil cutter to remove any foil seal around the cork.

2) Swing the lever to the fully open position and put the opener over the bottle. Grip the bottle neck firmly with the grip handles.

3) Keep a firm grip on the bottle neck with the handles, and slowly bring the lever up to the closed position.

4) The spiral should be driven fully into the cork.

5) Slowly lift the lever back to the opened position.

6) The cork should now have been pulled out of the bottle successfully.
