Safety Instructions

Notice: Ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

- Only use this trolley in a suitable working environment.
- This product is not a toy, and is only to be used for its designated purpose.
- Do not make any alterations or modifications to this product.
- Ensure to keep your work area clean, uncluttered and suitably lit.
- This product is not intended for use by children or other persons without assistance or supervision if their physical, sensory or mental capabilities prevent them from using it safely.
- Clean only with a damp cloth. Do not use abrasive or industrial cleaning chemicals, as these may damage the product.
- Keep the trolley clean in line with good workshop practices.
- Never attempt to stand on the trolley or attempt to use it as anything other than its intended purpose.
- Ensure to use the wheel locks to prevent the trolley from moving by itself.
- Only use this trolley on dry, stable and level ground.
- This product is not suitable for children.
- Leaving the trolley exposed to the elements will speed up the weathering process. To prevent this, remove the trolley from these conditions. To prolong the life of the trolley, ensure the working environment is dry and that there is no moisture or dampness.

Warnings

 Do not overload the trolley! The maximum weight capacity is 120kg.

 Overloading the product may lead to product failure and/or personal injury.

Assembly Instructions

Parts List:

- If you are missing any of the below parts, please contact cservice@oypla.com
- Please be aware that you will be referring to this parts list throughout the assembly process.

1 x Bottom Tray (with wheel mounting holes)

1 x Middle Tray

1 x Top Tray (Identical to Middle Tray)

4 x Corner Poles

64 x Bolt/Nut Sets (M6*10mm)

4 x Wheels (2 with locks)

1 x Handle

- 1) Start with the bottom tray – attach a corner pole to each corner of the tray, securing each into place with 4 M6x10mm bolt/nut sets.
- 2) Do the same with the middle tray – again, attach it to the corner poles using 4 M6x10mm bolt/nut sets for each corner. *TIP: laying the trolley on its side while you attach the trays may help if assembling alone.*
- 3) Use the same method to attach the top tray – make sure to attach the handle by securing it into place with two bolts.
- 4) Lastly, attach the four wheels using the last of the M6x10mm bolt/nut sets. Ensure that the two lockable wheels are in alternating corners for maximum stability whilst locked.

CONSIDER THE ENVIRONMENT!

In the United Kingdom, approximately 5 billion corrugated boxes are used per year, amounting to around 83 per person! By recycling the cardboard box in which this product was packed, you contribute to the preservation and sustainability of the environment.

If you see a recycling logo on the packaging of your product, such as the below examples, that piece of packaging is recyclable. If there is not a recycling logo, please check with your local authorities before recycling.

PLEASE RETAIN A COPY OF THESE INSTRUCTIONS FOR FUTURE CONSULTATION
