Aluminium Flight Case

Safety Information

Please ensure you read and fully understand instructions before use

While every attempt is made to ensure the highest degree of protection in all equipment, we cannot guarantee freedom from injury. The user assumes all risk of injury due to use. All merchandise is sold on this condition, which no representative of the company can waive or change.

-
- This product contains small parts that could be a choking hazard if swallowed. Keep these items away from children.
 - This product is not a toy, and is only to be used for its designated purpose.
 - Never carry out any alterations or modifications to this product.
 - Make sure that the product is secured before moving it by flipping the metal latches up and securing them into place by using the key to lock both latch locks. This will prevent it opening whilst in movement and keep the contents safe.
 - If the product is damaged or has any defects, please contact cservice@oypla.com
 - Do not attempt to remove the foam protection on the lid of the product.
 - This product includes foam protection in the lid as well as pre-cubed foam blocks in the main case. Removing too many foam blocks for protection surround the contents may result in poor protection or product failure. Foam Lid Protection & pre-cube foam blocks are rated at 24kg density. Never exceed the maximum density, or it may result in product failure and/or personal injury.
 - Once you have removed the pre-cube foam blocks, please dispose of them in a correct manner. Not doing so can create a choking hazard for children/pets.
 - Clean only with a damp cloth. Do not use strong industrial cleaning substances or abrasive materials as these will damage the product.
-
